Pursuing Excellence for Every Student, Every Day

October 25, 2021

UPDATE: Bussing and School Hours

Thank you for your patience recently as we made necessary changes to our bussing schedules. Over the past decade, we have expanded our transportation avenues dramatically to help support more after-school programs (athletics, Boys & Girls Club, etc.). Additionally, in order to be as inclusive of our community as possible, our habit in the past has been to continually add onto routes; the result is that it has now impacted our capacity as we deal with reducing the number of routes we can support.

Starting November 1, we will implement these changes to school schedules. Wednesdays will continue with early releases; please check your school website for clarification on those release times. School websites will also feature updated bus route information. LCSD will resume transporting elementary students to the Boys & Girls Club.
