

## LHS Forecasting Directions for the 2022-2023 year

It's time to choose your classes for next year! Please review the forecast sheet and your transcript. If you would like to see the curriculum guide it is available on our website. Please fill out the forecast sheet, then when you are ready, login to Registrar to do your online forecasting. All online course requests are due by March 18, 2022. Your counselor will review your online requests.

Then click on the post that says **Online Forecasting 2022-2023**, then

### **Online Forecasting Link – click this to login**

OR TYPE IN THIS WEBSITE INTO YOUR BROWSER

Once you get logged into the Registrar program, **enter your Student ID (including leading zero) and your date of birth (format MM/DD/YYYY)** to login. This information is located in the top right of your forecast sheet. Click the green + sign to add primary classes and the blue + sign to enter alternates. I recommend after you fill out your paper forecast sheet that you enter your course requests in the same order they are listed on your paper form. We require students to sign up for 7.0 credits which is a full class schedule. (Seniors may take less if needed but keep in mind you need 2.5 credits each semester to be eligible for athletics, band and choir.)

When you are done and satisfied with your selections, click the blue SUBMIT button. If you have any questions about forecasting you can contact your counselor or the LHS Registrar.
