

APPLICATION & TEACHER RECOMMENDATION
The Warrior Yearbook 2022-2023

The yearbook is a student-run publication and a project-based class that will span the length of the entire school year. To be a part of our team, you must maintain regular attendance, work independently, collaborate with classmates, meet deadlines for assignments, act professionally, and regularly contribute toward discussions. Additionally, photographers must be available to attend extra-curricular activities to take photos of important events throughout the school year. It is essential that each student meet these obligations. This class is not "an easy A;" you will be expected to work hard and treat your job seriously! Only consider applying for this class if you are passionate about producing a quality yearbook and ready to do your best.

NOTE: This year, Yearbook Photography will be offered as a separate class in conjunction with Yearbook Design. While Yearbook Design offers the more traditional Yearbook experience, Yearbook Photography serves as a supplementary course focusing primarily on the photography element of Yearbook. Students do not need to be enrolled in Yearbook Photography to take Yearbook Design, but it is recommended.
